ABOUT PYHIT:

In 1959, Father Peter G. Young founded Peter Young Housing, Industries & Treatment. In the years that have followed, he has helped thousands of people who were victims of their addictions. The Peter G. Young Foundation offers programs of recovery to anyone who wants a second chance at building a new life.

Father Young has achieved these results by means of his "glidepath" philosophy which has three components: treatment, housing, and employment. When joined together, these wounded men and women are given a chance to become healthy, productive, tax-paying citizens with a bright future.
